

## NE Park Court Lights – How To Work Them!

**LOCATION OF THE LIGHT SWITCH/BUTTON:** At the end of the NE Park complex (towards the new bathroom building), there is a silver box on the outside of the last court on the left.

In the middle of the face of this box is a green button.

**If you are at NE Park in the evening, and the lights are not on, you can push this green button to turn on the lights.**

This green button for the lights is active at 5:30AM until 10PM.

When you push the button for the lights, the lights will stay on for one-hour.
